2. Handout from Mr. John Meyers, Finance Director, City of Sioux City.

Sioux City, Iowa

- Sioux City seeks additional flexibility to strengthen our economy. Our financial need is adequately demonstrated by our position as lowest in the State in taxable value per capita and taxable value per pupil.
- Our situation is not due to a lack of energy or skill on our part. We are known as an energetic jurisdiction that well utilizes the programs allowed by the Legislature.
- These programs have been sufficient to allow us to compete successfully for commercial and some industrial projects. Unfortunately, Nebraska's LB 775 and South Dakota's lack of individual income tax have made it difficult for us to be as successful as we would like with larger industrial and professional arts projects. The lack of these projects is the reason why our relative property valuations are so low and we show other evidence of economic distress.
- We believe the Income Tax Reinvestment Legislation will provide a helpful tool for seeking these larger industrial and professional arts projects. This success will strengthen our economy and benefit the State budget and economy as well.
- 5. Your assistance in helping us more successfully compete will be appreciated.

Outline of City Finance Presentation Income Tax Reinvestment Legislation

- Taxable Valuation Per Capita
- 2. Taxable Valuation Per Pupil
- 3. Property Tax Rates of Sioux City and other Iowa Cities
